

Fraudulent messages regarding the covid vaccination

We are aware that some people are receiving suspicious calls and text messages offering the COVID-19 vaccination.

Coronavirus vaccines are only available on the NHS. You can be contacted by the NHS, your employer, or a GP surgery local to you, to receive your vaccine. Remember, the vaccine is free of charge. At no point will you be asked to pay.

- The NHS will never ask you for your bank account or card details.
- The NHS will never ask you for your PIN or banking password.
- The NHS will never arrive unannounced at your home to administer the vaccine.
- The NHS will never ask you to prove your identity by sending copies of personal documents such as your passport, driving licence, bills or pay slips.

If you receive a call you believe to be fraudulent, hang up. If you believe you have been the victim of fraud or identity theft you should report this directly to Action Fraud on 0300 123 2040. Where the victim is vulnerable, and particularly if you are worried that someone has or might come to your house, report it to the Police online or by calling 101.
